

L Number	Hits	Search Text	DB	Time stamp
1	10521	display and cursor and serial	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:00
2	10274	display and cursor and serial and data	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:00
3	777	display and (cursor and serial and data) and analog and waveform	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:01
4	381	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:01
5	376	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:02
6	241	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:02
7	208	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:03
8	189	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:03
9	161	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:03
10	141	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:04
11	141	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:05
12	84	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:05

13	47	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:05
14	602739	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data stream	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:06
15	47	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:06
16	47	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:07
17	47	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:07
18	5	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and delimited	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:07
19	0	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and delimited and curesor and represent\$6 and present and human and read\$6	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:08

20	0	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and delimited and curesor and represent\$6 and present\$6 and read\$6	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:09
21	5	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and delimited and cursor and represent\$6 and present\$6 and read\$6 and human	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:09
22	5	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and delimited and cursor and represent\$6 and present\$6 and read\$6 and human and content	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:09
23	5	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and delimited and cursor and represent\$6 and present\$6 and read\$6 and human and content and display	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:20
27	18	display and (cursor and serial and data) and (analog and waveform) and (serial and digital and data and stream) and (cursor and represent\$6 and horizontal and length) and equal and (word and time) and (serial and digital and data and stream) and deriv\$6 and specif\$6 and protocol\$1 and (clock and recover\$5) and (serial and digital and data and stream) and decod\$6 and portion and (start\$6 and end\$6 and cursor and represent\$6) and (analog and waveform) and display and (present\$6 and read\$6 and human and content and display)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:25

26	6	display and (cursor and serial and data) and (analog and waveform) and (serial and digital and data and stream) and (cursor and represent\$6 and horizontal and length) and equal and (word and time) and (serial and digital and data and stream) and deriv\$6 and specif\$6 and protocol\$1 and (clock and recover\$5) and (serial and digital and data and stream) and decod\$6 and portion and (analog and waveform) and display and (bind\$6 and cursor and represent\$6) and (present\$6 and read\$6 and human and content and display)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:26
25	18	display and (cursor and serial and data) and (analog and waveform) and (serial and digital and data and stream) and (cursor and represent\$6 and horizontal and length) and equal and (word and time) and (serial and digital and data and stream) and deriv\$6 and specif\$6 and protocol\$1 and (clock and recover\$5) and (serial and digital and data and stream) and decod\$6 and portion and (analog and waveform) and display and (limit\$6 and cursor and represent\$6) and (present\$6 and read\$6 and human and content and display)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:26
24	18	display and (cursor and serial and data) and analog and waveform and serial and digital and data and stream and cursor and represent\$6 and horizontal and length and equal and word and time and serial and digital and data and stream and deriv\$6 and specif\$6 and protocol\$1 and clock and recover\$5 and serial and digital and data and stream and decod\$6 and portion and analog and waveform and display and limit\$6 and cursor and represent\$6 and present\$6 and read\$6 and human and content and display	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/09/12 10:27
